1 Commencement and application

This scheme, which may be referred to as the Thames Water Customer Guarantee Scheme, satisfies and in some cases exceeds the standards set out in the Water Supply and Sewerage Services (Customer Service Standards) Regulations 2008 (as amended). It first came into effect on 1st December 2008 and was most recently amended with effect from 1st April 2017.

This scheme only applies to household customers of Thames Water and in relation to domestic premises. Non household customers are not covered by this scheme and should receive all relevant information about guarantees applying to their services from their retailer.

“**Restriction of use Notice**” means a written notice from Thames Water advising the customer that due to known water quality problems (which have not been caused by the customer), the customer should not use the water for specified purposes (or at all) or boil water before using it;

“retail authorisation” has the meaning given

a) For a water supply licence in paragraph 3 of Schedule 2A to the WIA;

b) For a sewerage licence, in paragraph 1 of Schedule 2B to the WIA;

“**strategic main**” means a main conveying water in bulk to centres of population which have no other supply that can fully meet normal demand;

“**Thames Water**” means Thames Water Utilities Limited:

“WIA” means the Water Industry Act 1991;

“**working day**” means any day that is not a Saturday, a Sunday, Christmas day, Good Friday nor a bank holiday under the Banking and Financial Dealings Act 1971.

3 Keeping appointments

(1) This guarantee applies where Thames Water gives notice to a household customer, either in writing or orally, that an agreed appointment has been made for its representative to visit the customer's domestic premises, being a visit in connection with the provision of supplies of water or, as the case may be, of wastewater services which requires access to be afforded to the representative or for which it would otherwise be reasonable to expect the customer or a person acting on their behalf to be present on the premises. Please note that in some circumstances (for example, sewage flooding or service disruption) an agreed appointment may not be appropriate and may delay our attendance. In these circumstances we aim to respond as quickly as possible and within our emergency response times.

(2) Where this guarantee applies, the notice referred to in paragraph (1) shall specify the date of the visit ("the appointed day") and the premises to be visited as well as :

(a) the start and end time of a two hour time band within which the visit will be made;

(b) a time the visit will be made; or

(c) the start and end time of either a morning or afternoon time band within which the visit will be made.

(3) Where this guarantee applies, Thames Water shall, except in the circumstances described in paragraph 4, pay to the customer (or credit his/her account) the sum of £50 if:

(a) the notice given by Thames Water does not comply with paragraph (2); or

(b) a visit was not made on the appointed day; or

(c) a visit was made but not at the specific time given and was made more than 15 minutes either side of the specific time given; or

(d) a visit was made outside the two hour time band specified; or

(e) a visit was not made within the morning or afternoon time band on the appointed day as specified in the notification.

(4) The circumstances mentioned in paragraph (3) are:

(a) that the customer has cancelled the appointment, or

(b) that Thames Water has cancelled the appointment by giving the customer not less than 24 hours' notice (whether orally or in writing) of cancellation; or (c) that it was impractical to make the visit on the appointed day because of

(i) severe weather conditions; or

(ii) industrial action by Thames Water's employees; or

(iii) the act or default of a person other than an officer, employee or agent of Thames Water or person acting on behalf of its agent;

and these conditions or that action, act or default could not reasonably have been foreseen by Thames Water sufficiently early to enable it to cancel the appointment in accordance with subparagraph (b) or to make suitable alternative arrangements to fulfil it.

(5) For the purpose of this guarantee, where Thames Water holds a record signed by a representative who is instructed to make the visit that the visit was made on the appointed day, and is either:

(a) within the morning or afternoon time band as specified in the notice; or

(b) not more than 15 minutes either side of the specific time given; or

(3) The circumstances mentioned in paragraph (2) are:

(a) that the customer has informed Thames Water that he/she does not wish to pursue his/her query or request; or

(b) in the case of a query, that severe weather conditions made it impractical to make a visit reasonably required, in Thames Water's opinion, for the purpose of replying; or

(c) that industrial action by Thames Water's employees or the act or default of a person other than an officer, employee or agent of Thames Water or a person acting on behalf of its agent made it impracticable to dispatch such a reply within the relevant period; or

(d) that the query or request was not sent to an address notified in writing by Thames Water to its customers as the appropriate address for queries or requests of that nature; or in the case of the query, that the query is frivolous or vexatious.

(i) the earliest date and time after which the undertaker reasonably expects that the supply will be interrupted or cut off; and

(4) The circumstances described in this paragraph are:

(1) in connection with the carrying out of necessary works or because of drought.

(5) In this regulation, "communication pipe" means:

15 Entitlement to payment where customers are in arrears

(1) If at the material time a household customer owes money to Thames Water and the debt has been outstanding for more than 6 weeks, any payment from Thames Water to which the customer is entitled under these guarantees shall, to the extent that it does not exceed the amount so owed, be made by way of a credit to his/her account.

(2) In this regulation, the 'material time' means:

(a) in relation to any payment under guarantees covered in sections 3 keeping appointments, 4 account queries and request about payment arrangements, 5 enquiries about water and wastewater services, 6 complaints about water and wastewater services and 7 services for customers requiring additional assistance, the time when the payment becomes payable; or

(b) in relation to any other payment, the time when the customer makes a written or oral claim for payment.

16 Payments not to affect other legal liabilities

The making of a payment by Thames Water to a household customer in consequence of a claim or potential claim for a payment under this scheme shall not constitute an admission by Thames Water of any liability other than an obligation to comply with this scheme, and the Water Supply and Sewerage Services (Customer Service Standards) Regulations 1989 (as amended) and the acceptance by a customer of a payment or credit made in consequence of this scheme shall not affect any liability of Thames Water to the customer other than its liability under this scheme and the said regulations.

(1) Where a dispute arises between Thames Water and a household customer as to the right of the customer to a payment or credit under this scheme, the matter may be referred to Ofwat by either party for determination.

(2) The parties to a dispute which is referred to Ofwat shall furnish such evidence or information as he/she may reasonably require to enable Ofwat to determine the dispute.

(3) Where following a determination by Ofwat under this clause, Thames Water fails to give effect to the determination, the customer may off-set the amount in question against any liability which he/she has to Thames Water.
